

ROADMAP OUT OF LOCKDOWN HOW NEW AGE KURLING IS AFFECTED

Following the Prime Minister's Statement to Parliament this week on how the Government propose to ease lockdown restrictions and offer the Country a route back to a more normal life, GBKA can summarise what this means for the New Age Kurling: -

Step 1 No earlier than 29th March 2021

- All Kurling Clubs to remain closed.

Step 2 No earlier than 12th April 2021

- Kurling clubs will be able to open and have individuals or people from the same household play on the same Court.
- Club shops will be able to open.
- Club bar and restaurant only able to serve people outside via table service.

Step 3 No earlier than 17th May 2021

- Kurling clubs will be able to allow up to 6 bowlers from different households or members of 2 households on a Court.
- Club Bar and Restaurant will be able to serve people indoors via table service for up to 6 people or members of 2 households.

Step 4 No earlier than 21st June 2021

- It is hoped that all limits on social contact are removed and Kurling can return to normal.

At all stages the Government will make decisions on specific restrictions such as social distancing, face coverings, vaccination certificates etc so these will need to be factored in the planning prior to any re-opening.

Please note that the provisional dates for each step may change if the government believes it is not safe to move to the next phase.

GBKA will continue to update its Clubs and bowlers once more details are received for each step.
